The North River Commission is developing a plan to strengthen and grow several North Side communities.

ALBANY PARK — The North River Commission

(<https://www.eventbrite.com/e/community-visioning-for-the-future-registration-31677881396>) is seeking community input on a long-range plan for neighborhoods within its service area: Albany Park, Mayfair, North Mayfair, North Park and Ravenswood Manor.

What will these neighborhoods look like in 2030? Now is the time to set goals and chart a course.

The plan, being created in conjunction with the Chicago Metropolitan Agency for Planning (<http://www.cmap.illinois.gov/programs-and-resources/lta/north-river-communities>), will tackle questions about diversity, economic development, transportation, housing and the environment.

Residents interested in taking part in the discussion and providing feedback are invited to a community input session from 6-8 p.m. Wednesday at Roosevelt High School, 3436 W. Wilson Ave. (click here (<https://www.eventbrite.com/e/community-visioning-for-the-future-registration-31677881396>) to register).
